

SHIPPING BOARD DELIVERS ULTIMATUM TO BRITISH

EQUAL CHANCE DEMANDED—SHIPS MUST RECEIVE FAIR TREATMENT

Contracts for the Transportation of Cotton From Alexandria, Egypt, to the United Kingdom and the United States.

London.—The United States Shipping Board has delivered an ultimatum to the British shipping lines that unless its ships receive fair treatment in contracts for the transportation of cotton from Alexandria, Egypt, to the United Kingdom and the United States the Shipping Board will "declare an open market" and "allow anything anywhere at any rate." The board also will invoke the retaliatory measures embodied in the Jones shipping act, under which vessels owned by unfair competitors may be excluded from the United States ports, the ultimatum declares.

A London dispatch quoted advice from Alexandria saying the representatives of the United States Shipping Board in Alexandria had decided to break negotiations with Liverpool shipping interests regarding the shipping of Egyptian cotton because of the attitude used in obtaining contracts for shipping cotton from Alexandria. The advice said the Americans intended to adopt protective measures, declaring that discrimination in favor of British bidders had been exercised even when American bids were materially lower than those of the British.

Washington.—Aggressive measures have been adopted by the Shipping Board to insure fair treatment for American merchant ships in the award of trading privileges in foreign ports. Although but partly revealed by negotiations in progress the board's policy is understood to rest on the proposition that other nations must give every opportunity to ships flying the Stars and Stripes or run the risk of encountering the retaliatory measures placed within the prerogative of the board by the new shipping act.

There is every indication, as revealed by officials here, that the American Government will stand squarely behind such a program, and every confidence that it will succeed, without serious opposition, in placing the American merchant marine on a proper level in international trade. A situation that has brought the board's policy into prominence exists at Alexandria, Egypt, in relation to contracts for the carriage of Egyptian cotton to the United Kingdom and the United States. In the view of board officials, the British shipping interests have taken an unreasonable attitude toward admission of American vessels to that trade, and strong representations have been made, which confidently are expected to have the desired result.

There is no disposition here to regard the Alexandria problem as constituting a serious disagreement in itself, but there is a feeling that it will establish a significant precedent. The negotiations that have been up to it really are concerned with the effect of admission of the Shipping Board's representatives into the conference of shipping interests that control such awards as that at Alexandria and the general recognition of the board as a factor in shipping decisions.

Reward of \$5,000 Offered.
Detroit, Mich.—A standing reward of \$5,000 was announced by the Detroit Clearing House Association for the arrest and conviction or killing of any person who loots or attempts to loot a member bank of the association. "The killing of any person committing burglary or attempting burglary," the announcement states, "shall, for the purpose of the award, be considered the same as an arrest and conviction."

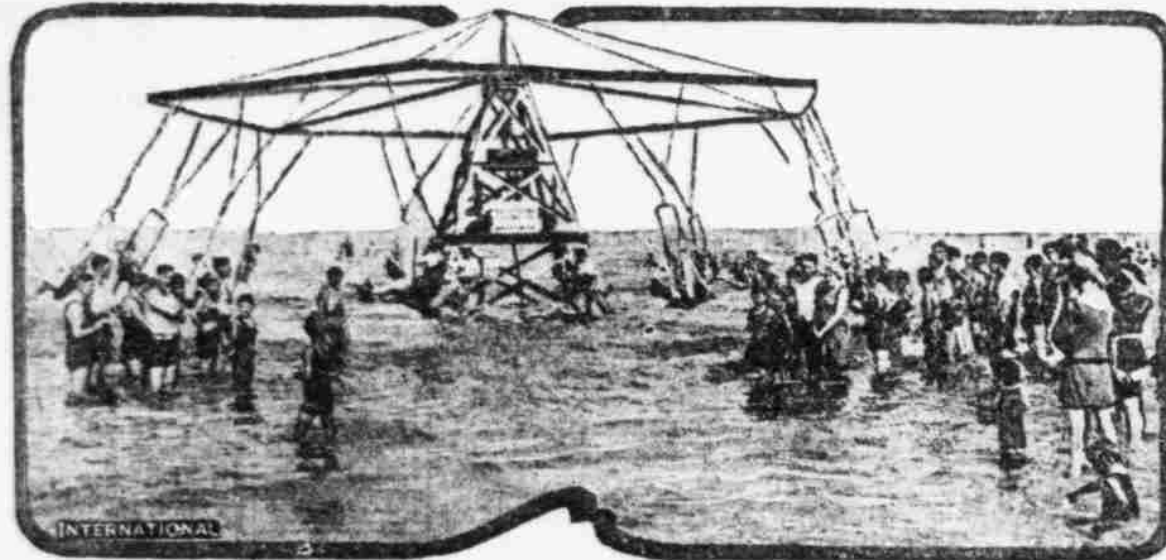

France Opposes Meeting.
London.—The French Government deems it to be impossible to decide on a meeting of the Allied Supreme Council until the question of sending reinforcements into Upper Silesia has been decided. M. De St. Julien, French Ambassador here, called on Lord Curzon, British Foreign Minister, and conveyed this information in the name of his Government.

Bank Looted of \$11,000.
Jacksonville, Fla.—Six bandits robbed the Bank of South Jacksonville, across St. John River from here, of \$11,000. They drove up to the bank in an automobile and five of them entered, covered the bank employees with revolvers and fled with all the cash in sight.

Turks Flee.
Athens.—Information from all sources indicates that the resistance of the Turkish Nationalists in Asia Minor completely is broken, the Greek official news agency declares in a statement issued here. The Turkish losses in killed, wounded and prisoners to date are estimated at 60,000. The Greeks, the statement says, constantly are pressing the Kemalists along the road to Ankara. Along the route of their retreat the Turks set fire to their stores of material which they were unable to carry with them.

Ku Klux Charter Revoked.
Houston, Texas.—The Ku Klux Klan charter of Beaumont, Texas, has been revoked by W. J. Simmons, Imperial Wizard of the organization, it was learned here. This is the first step by the Klan to check the "tar-and-feather rule" here, which in six months has resulted in the flogging and feathering of 43 men and one white woman. The revoking of the Beaumont charter followed the public admission by members that they had beaten, tarred and feathered Dr. J. F. Paul.

Aquatic Merry-Go-Rounds for Chicago's City Beaches

Chicago, which calls itself the great summer resort of the central west, is placing at its municipal bathing beaches these electrically propelled merry-go-rounds. They are proving very popular.

WILL NOT MIX IN "FREE FOR ALL"

AMERICA REFUSES TO ACT AS ARBITRATOR FOR UPPER SILESIA.

War Clouds Darken as Result of Action—Both Germany and France Preparing to Send Troops Toward the Border Line.

Paris.—The United States will not arbitrate the Upper Silesian question, Myron T. Herrick, United States Ambassador, had a long private interview with Premier Aristide Briand, after which, although nothing was given out officially, it was admitted in diplomatic circles that Mr. Herrick had informed the French Premier that the United States could not be expected to act as referee in the Upper Silesian "free-for-all" owing to the delicate nature of her economic and political lines on both sides.

It is said that George Harvey, United States Ambassador at London, despite his seat in the Supreme Council, is not authorized by Washington to engage in the present European game revolving around Silesia in any way. At the same time it is intimated that the United States is strongly desirous of an early solution of the Silesian tangle.

But with American intervention going into the discard, war in Northeastern Europe, judging from all signs here, becomes almost a certainty, since, with England backing Germany and France supporting Poland, a pacific solution of the problem is discounted already by many experienced observers.

Anticipating a clash with the Polish forces in Silesia, the Germans are reported to be rushing reinforcements toward the border line.

It is learned that the French troops on the Rhine have received orders to be ready day and night to march into Germany.

Three Killed.
Greensburg, Ind.—Three persons were killed and another was injured, probably fatally, when a big Ford sedan, driven by a man from Cincinnati to Indianapolis crashed into an automobile driven by James Anderson, of Richmond, Rich county, at McCoy Station, five miles east of here. The dead: James Anderson, 49 years old, former Mrs. Mary Anderson, 30 years old, wife of James Anderson; Rush Elson Anderson, 6 months old, son. The injured: George Anderson, 2 years old, son, cut and bruised about head.

Banker's Family Located.
Detroit, Mich.—Mrs. Warren G. Spurgin and Miss Vivian Spurgin, wife and daughter of the missing President of the Michigan Avenue Trust Company, of Chicago, were located here by detectives. They immediately were put on a Chicago-bound train, in charge of private detectives. The women had been living in a private rooming house during the time both Chicago and Detroit detectives were searching for them in an effort to get a line on Warren G. Spurgin.

Germany Debt to America.
Washington.—Germany owed to the United States up to April 30, \$240,744,511 for maintenance of American troops on the Rhine, Secretary John W. Weeks, of the War Department, sent the figures to the Senate in answer to a resolution by Senator Borah. The total cost of the American occupation forces from December 18, 1918, to April 30, the last date for which accounts were available, was placed at \$275,324,192.

Ford's New Rates Filed.
Washington.—The Detroit, Toledo and Ironton Railroad, owned by Henry Ford, filed new rate schedules with the Interstate Commerce Commission, covering the cuts in freight rates, effective August 29, on heavy traffic, including anthracite and bituminous coal and coke moving from the Ohio River to Detroit and other points on its line. The new tariffs provide for a 20 per cent reduction on grain and grain products, coke and anthracite coal moving from Temperance, where it is taken from other lines.

Minister Greets Child.
Rome.—A cordial greeting was extended to Richard Washburn Child, American Ambassador, by the Marquis Torretta, Foreign Minister, when Mr. Child visited him. The Foreign Minister welcomed the Ambassador to Rome and said he hoped his presence would strengthen the bonds of friendship between Italy and the United States. Mr. Child requested the Foreign Minister to arrange for an audience of King Victor Emmanuel for the presentation of his credentials.

Four Die; Two Hurt.
Cleveland, O.—Four persons were killed and two injured, probably fatally, when an automobile and a street car collided on the Abbey street bridge. The dead include two women, a man and a babe. Another man and a 10-year-old girl were injured so seriously, it is believed, they will die. All were occupants of the automobile, which is said to have belonged to H. Moss. Moss was at home asleep when the accident occurred. He told police he had left the machine in a garage for repairs.

Small Subject to Arrest.
Springfield, Ill.—Governor Len O. Small is subject to arrest and prosecution on warrants taken out following his indictment by the Sangamon County Grand Jury for the embezzlement of \$500,000 interest on state funds while State Treasurer, Circuit Judge E. S. Smith ruled. The decision, while holding that warrants should be served upon the Governor, states that the Chief Executive should be allowed "a reasonable time" to make his appearance, "voluntarily presenting himself before the Court."

Parents and Brother Held.
Warren, O.—Mr. and Mrs. Joseph Verbias and their son Alex, 17 years old, are in jail, held in connection with the mysterious death of pretty four-year-old Mollie Verbias, their daughter, and sister, respectively, whose body was found in a thicket in a wood at Niles. County officials hint that the girl died of fright and that they have evidence to show that Mrs. Verbias had beaten severely her daughter and forced the son Alex also to beat her.

Prohibition Cause of Insanity.
New York.—Prohibition, I believe, has caused more insanity than the World War. My observations show that insanity is on the increase, and largely is due to the changes in the liquor drunk by those who, hitherto addicted to alcoholic stimulant, now drink whatever they can get. This statement was made by Dr. Perry Liestenstein, resident physician at Tombs prison, testifying before a commission inquiring into the mentality of Philip Murtha, 48 years old, under indictment for assault.

Quebec of Today.
No city in the New world has a more romantic history than famous old Quebec.

JAPAN EXPRESSES ATTITUDE

Tokyo Urges Omission of Settled Issues Affecting "Particular Powers."

Washington.—Japan's definite acceptance of a place in the disarmament conference gives consent to a discussion of far Eastern questions in connection with the conference, but suggests that problems which concern only particular powers or which can be regarded as closed incidents be omitted from the scope of the meeting. There was every evidence of satisfaction over the reply in official circles here, and it was indicated that the way now was regarded as entirely clear for continuing negotiations which will fix the time and place of meeting and details of procedure.

A comprehensive consideration of the conference program before the delegates assemble also was suggested in the Japanese note and now is regarded as assured. The attitude of officials here has been that such a discussion would be in place either once all invited Powers had accepted invitations definitely.

A portion of the Japanese reply which attracted particular attention here was a paragraph declaring that during the conference "problems" such as are of sole concern to certain particular Powers or such matters that may be regarded as accomplished facts should be avoided scrupulously. It was made plain, however, that officials here regarded this statement not as a condition of acceptance by Japan, but as a forecast of the attitude she will take when negotiations over the conference program begin.

Kentucky Is Included.
Washington.—Acting with the approval of President Harding, Surgeon General Hugh S. Cummings, of the United States Public Health Service, invited state health officers of 13 Southern States to meet in Washington August 4 to consider the situation in connection with reports of threatened pellagra epidemics in parts of the cotton belt. The health officers of the following states were asked to meet with Public Health Service officials: Texas, Louisiana, Oklahoma, Arkansas, Tennessee, Mississippi, Georgia, Alabama, Kentucky, Florida, North Carolina, South Carolina and Virginia.

Maximum Fees Set.
Baltimore, Md.—The Board of Trustees of the Johns Hopkins Hospital issued the following dictum: The maximum fee that any surgeon ought to charge for any operation, no matter how wealthy the patient may be, is \$1,000. The minimum charge that any physician ought to make for attending patients in a hospital is \$25 a week. The effect of the ruling will be felt not only in the hospital, but, because of the status of Johns Hopkins, in Baltimore City and every corner of the United States, physicians and surgeons assent.

Larger Grants Requested.
Washington.—Additional expenditure of \$16,000,000 for hospitalization of former service men, making a total annual outlay of \$33,000,000 for that purpose and a re-examination of all men who served in the World War, were proposed before the Senate committee investigating soldier relief. The new and broader program for hospital building is being worked out by Dr. W. C. White, Chairman, and members of the Treasury Board of Consultants on Hospitalization.

Traces of Gold in Ohio.
Chillicothe, O.—William Smalley, of Danbridge, and Thomas Goons, of Greenfield, according to the Scioto Gazette of this city, have leased the John Tilton farm of 150 acres on Buckskin Creek, three miles from Danbridge, and are making plans to operate a gold plant. Smalley found traces of gold while hunting Indian relics.

Wordsworth and Mountains.
De Quincy tells us that Wordsworth was impatient when anyone else spoke of mountains, as if he had a peculiar property in them. And he can readily understand why it should be so; no one is satisfied with another's appreciation of his mistress.—Lowell.

Close Race Indicated.
A scientist predicts that the end of the earth will be glacial. In other words, the earth will be covered by ice.—Greenville (S. C.) Piedmont.

A Kick as Visitor Enters.
That a sense of humor is not altogether quenched by the humdrum of work in a government office is evidenced by a placard which appears on the door of a department of the pension ministry in London. It reads: "Everyone closes our door—except you."

As to Floating.
When a man first learns to swim, he finds that it's just about as easy to float alone as in later life to float a loan.—Sam Dodge.

Still on the Market.
James G. Carter of Tennessee has been informed that the total quantity of cloves produced in Madagascar during the 1920-21 season amounted to 20 tons. It appears that the outlook for the 1921-22 crop is very good.

Has to Hold Them.
Jud Tunkins says the reason a speaker is long-winded is that after he has got a few snorters going he's afraid to let them get away and think things over.
